Why VitaGlide?

VitaGlide, LLC is a patented exercise device focused on helping individuals with physical challenges meet their health potential. A VitaGlide® workout engages more muscle groups than other upper-body machines. Anterior, posterior, core and oblique muscle development plus an effective cardio workout improves the health and well-being of those who need a seated exercise, e.g., wheelchair users, stroke patients, MD, MS, cerebral palsy and

- Unique upper body exercise device
- Strengthens anterior, posterior, core and oblique muscles
- Reinforces shoulder orbit
- Recognized as one of the best cardio conditioning exercises for those who need a seated exercise
- Tested at one of the country's pre-eminent spinal cord injury facilities
- Advantageous for both individuals and facilities
- Responsive to customers and their needs
- Excellent communication skills with both customers and vendors
