

VitaGlide also works with United Credit, a financing platform that connects consumers with third-party lenders to help them access funding for various services and purchases, particularly in sectors like healthcare.

Here's how the financing process works with United Credit through a Simple Online Application:

Begin by completing a straightforward online application, which takes only a few minutes. United Credit then submits your application to its network of lending partners to find the best financing option based on your credit profile.

- **Quick Approval Process**
 - Applicants typically receive a decision within minutes, though it can take up to one business day. This rapid response allows you to proceed with your VitaGlide® purchase without delay.
- **Flexible Payment Options**
 - United Credit offers a range of payment plans tailored to fit various budgets. Interest rates vary based on creditworthiness, and some applicants may qualify for 0% APR financing.
- **Dedicated Customer Support**
 - Throughout the financing process, United Credit provides personalized assistance to address any questions or concerns, ensuring a smooth and informed experience.
